Adult and Continuing Education: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2014-03-31
Beyond the undergraduate and graduate levels, education has traditionally ceased when students enter the workforce as professionals in their respective fields. However, recent trends in education have found that adult students beyond the traditional university age often benefit greatly from returning to further their education. *Adult and Continuing Education: Concepts, Methodologies,*

Tools, and Applications investigates some of the most promising trends in furthering education and professional development in a variety of settings and industries. With an extensive array of chapters on topics ranging from non-traditional students to online and distance education for adult learners, this multi-volume reference book will provide students, educators, and industry professionals with the tools necessary to make the most of their return to the classroom.

Adult and Continuing Education Irma 2014-03-31
Information and Technology Literacy: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2017-08-30
People currently live in a digital age in which technology is now a ubiquitous part of society. It has become imperative to develop and maintain a comprehensive

understanding of emerging innovations and technologies. Information and Technology Literacy: Concepts, Methodologies, Tools, and Applications is an authoritative reference source for the latest scholarly research on techniques, trends, and opportunities within the areas of digital literacy. Highlighting a wide range of topics and concepts such as social media, professional development, and educational applications, this multi-volume book is ideally designed for academics, technology developers, researchers, students, practitioners, and professionals interested in the importance of understanding technological innovations.

Blended Learning: Concepts, Methodologies, Tools, and Applications
Management Association,
Information Resources
2016-08-18 Traditional
classroom learning

environments are quickly becoming a thing of the past as research continues to support the integration of learning outside of a structured school environment. Blended learning, in particular, offers the best of both worlds, combining classroom learning with mobile and web-based learning environments. Blended Learning: Concepts, Methodologies, Tools, and Applications explores emerging trends, case studies, and digital tools for hybrid learning in modern educational settings. Focusing on the latest technological innovations as well as effective pedagogical practice, this critical multi-volume set is a comprehensive resource for instructional designers, educators, administrators, and graduate-level students in the field of education.

Evaluation for Continuing Education Alan B. Knox
2002-05-24 Everyone
associated with educational

programs for adults makes evaluative judgments—consciously or unconsciously—about the worth and effectiveness of the program. But while many in the field continually tout the importance of evaluation, the process is woefully underused in practice. Among the many reasons for this is that there has been a lack of dependable guidelines and useful examples to ensure that program evaluation is worth the effort—until now. *Evaluation for Continuing Education* provides the useful and practical tools necessary to ensure a successful program evaluation. The book presents systematic guidelines aimed at enhancing understanding of evaluation concepts and procedures, and offers manageable ways to selectively include evaluation activities as an integral part of program planning, implementation, and justification. Author Alan

Knox reveals that the key to successful evaluations that improve education programs for adults is a basic rationale for why and how. He helps readers select and develop their own rationale throughout the course of the book while suggesting fundamental evaluation concepts and procedures. He shows how to distinguish some program aspect upon which a specific evaluation project will focus—including needs assessment, goals and policies, staffing assessment, materials development, and more—and summarizes examples of evaluation reports that reflect the various types of providers and scales on which evaluations are conducted. Knox offers a particularly wide variety of these examples, enabling readers to reflect on implications for their own evaluations and fashion unique guidelines and procedures that fit their own situations. Program planners in any type of continuing

education programs- including continuing education in the professions, ESL programs, community colleges, vocational training programs, and others-will find Evaluation for Continuing Education an indispensable resource for achieving successful evaluations.

An International Dictionary of Adult and Continuing Education

Peter Jarvis 2012-10-02

Containing over 5000 essential references to people, organisations, words and concepts in the field of adult education, this thorough and comprehensive volume represents the standard reference for anyone seeking information on the education of adults.

Student Engagement and Participation: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2017-06-19 The delivery of quality education to

students relies heavily on the actions of an institution's administrative staff. Effective teaching strategies allow for the continued progress of modern educational initiatives. Student Engagement and Participation: Concepts, Methodologies, Tools, and Applications provides comprehensive research perspectives on the multi-faceted issues of student engagement and involvement within the education sector. Including innovative studies on learning environments, self-regulation, and classroom management, this multi-volume book is an ideal source for educators, professionals, school administrators, researchers, and practitioners in the field of education.

Virtual Learning

Environments Information Resources Management Association 2012 "This reference is a three volume compendium of the latest

research, case studies, theories, and methodologies within the field of virtual learning environments, covering a wide range of subjects, spanning from authors across the globe and with applications at different levels of education and higher learning"-- Provided by publisher.

Adult and Continuing Education Information Resources Management Association 2014 **Adult and Continuing Education: Concepts, Methodologies, Tools, and Applications** investigates some of the most promising trends in furthering education and professional development in a variety of settings and industries. With an extensive array of chapters on topics ranging from non-traditional students to online and distance education for adult learners, this multi-volume reference book will provide students, educators, and industry professionals with the tools necessary to make the most of their

return to the classroom.

Teacher Training and Professional Development: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2018-05-04 Regardless of the field or discipline, technology is rapidly advancing, and individuals are faced with the challenge of adapting to these new innovations. To remain up-to-date on the current practices, teachers and administrators alike must constantly stay informed of the latest advances in their fields. **Teacher Training and Professional Development: Concepts, Methodologies, Tools, and Applications** contains a compendium of the latest academic material on the methods, skills, and techniques that are essential to lifelong learning and professional advancement. Including innovative studies on teaching quality, pre-service teacher preparation, and

faculty enrichment, this multi-volume book is an ideal source for academics, professionals, students, practitioners, and researchers.

Online Course Management: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources

2018-03-02 The rapid growth in online and virtual learning opportunities has created culturally diverse classes and corporate training sessions. Instruction for these learning opportunities must adjust to meet participant needs.

Online Course Management: Concepts, Methodologies, Tools, and Applications is a

comprehensive reference source for the latest scholarly material on the trends, techniques, and management of online and distance-learning environments and examines the benefits and challenges of these developments.

Highlighting a range of pertinent topics, such as

blended learning, social presence, and educational online games, this multi-volume book is ideally designed for administrators, developers, instructors, staff, technical support, and students actively involved in teaching in online learning environments.

Curriculum Design and Classroom Management: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources

2015-04-30 Educational pedagogy is a diverse field of study, one that all educators should be aware of and fluent in so that their classrooms may succeed.

Curriculum Design and Classroom Management: Concepts, Methodologies, Tools, and Applications presents cutting-edge research on the development and

implementation of various tools used to maintain the learning environment and present information to pupils as effectively as possible. In

addition to educators and students of education, this multi-volume reference is intended for educational theorists, administrators, and industry professionals at all levels.

Pre-Service and In-Service Teacher Education: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2018-11-02 As with any industry, the education sector goes through frequent changes due to modern technological advancements. It is every educator's duty to keep up with these shifting requirements and alter their teaching style to best fit the needs of their classroom. Pre-Service and In-Service Teacher Education: Concepts, Methodologies, Tools, and Applications explores the current state of pre-service teacher programs as well as continuing education initiatives for in-service

educators. It also emphasizes the growing role of technology in teacher skill development and training as well as key pedagogical developments and methods. Highlighting a range of topics such as teacher preparation programs, teaching standards, and fieldwork and practicum experiences, this multi-volume book is designed for pre-service teachers, teacher educators, researchers, professionals, and academics in the education field.

Learning and Performance

Assessment: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2019-10-11 As teaching strategies continue to change and evolve, and technology use in classrooms continues to

increase, it is imperative that their impact on student learning is monitored and assessed. New practices are being developed to enhance students' participation, especially in their own assessment, be it through peer-review, reflective assessment, the introduction of new technologies, or other novel solutions. Educators must remain up-to-date on the latest methods of evaluation and performance measurement techniques to ensure that their students excel. *Learning and Performance Assessment: Concepts, Methodologies, Tools, and Applications* is a vital reference source that examines emerging perspectives on the theoretical and practical aspects of learning and performance-based assessment techniques and applications within educational settings. Highlighting a range of topics such as learning outcomes, assessment

design, and peer assessment, this multi-volume book is ideally designed for educators, administrative officials, principals, deans, instructional designers, school boards, academicians, researchers, and education students seeking coverage on an educator's role in evaluation design and analyses of evaluation methods and outcomes.

Gamification: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2015-03-31 Serious games provide a unique opportunity to engage students more fully than traditional teaching approaches. Understanding the best way to utilize games and play in an educational setting is imperative for effectual learning in the twenty-first century. *Gamification: Concepts, Methodologies, Tools, and Applications* investigates the use of

games in education, both inside and outside of the classroom, and how this field once thought to be detrimental to student learning can be used to augment more formal models. This four-volume reference work is a premier source for educators, administrators, software designers, and all stakeholders in all levels of education.

Professional Development and Workplace Learning

Information Resources Management Association 2015-08-31 No matter the field, discipline, or area of inquiry, the speed of current technological and procedural innovations means that new developments are often made obsolete quickly. To remain competitive, employees and organizational leaders alike must constantly stay informed of the latest advances in their respective fields. Professional

Development and Workplace Learning: Concepts, Methodologies, Tools, and Applications explores the methods, skills, and techniques that are essential to lifelong learning and professional advancement. This multivolume reference provides crucial insights to employees, managers, leaders, industry professionals, and academics interested in the constantly shifting shape of the modern workforce. This four-volume reference work contains seminal, cutting-edge research on topics such as educational technologies, virtual learning environments, professional development in the digital information age, the use of mobile technologies in continuing education, and more.

Web-Based Education: Concepts, Methodologies, Tools and Applications Management Association, Information Resources 2010-02-28 "This

comprehensive collection offers a compendium of research on the design, implementation, and evaluation of online learning technologies, addressing the challenges and opportunities associated with the creation and management of Web-based applications and communities, instructional design, personalized learning environments, and effective educational delivery"--Provided by publisher.

Adult Education and Lifelong Learning

Peter Jarvis 2004-06-03 This is the third edition of Peter Jarvis' classic textbook, *Adult and Continuing Education*, which established itself as the most widely used and respected book about education for adults today. In this new edition, the author has made extensive revisions and included substantial additional material to take account of the many changes that have occurred in the field of adult education. Additional and

updated material in this much-anticipated new edition includes: a discussion on both globalisation and Europeanisation, indicating the pressures that have been exerted on the educational system to change a greater emphasis on lifelong education, lifelong learning and society an extended discussion on the theorists of distance education and introductory material on e-learning and on-line learning an updated look at changes in UK policy and European policy documents new material on the relationship between research, learning and the changing approaches to knowledge, with more emphasis placed on action learning and research.

Educational Leadership and Administration: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2016-10-12 The delivery of

quality education to students relies heavily on the actions of an institution's administrative staff. Effective leadership strategies allow for the continued progress of modern educational initiatives. Educational Leadership and Administration: Concepts, Methodologies, Tools, and Applications provides comprehensive research perspectives on the multi-faceted issues of leadership and administration considerations within the education sector. Emphasizing theoretical frameworks, emerging strategic initiatives, and future outlooks, this publication is an ideal reference source for educators, professionals, school administrators, researchers, and practitioners in the field of education.

Helping Adults Learn Mark W. Waldron 1991 *Helping Adults Learn* brings together insights and experiences

that will be invaluable to anyone involved in developing and delivering adult education programs. This work is based on over two decades of adult instruction in various settings, including undergraduate and graduate classes, non-formal adult education programs and faculty development activities. A video tape, which reviews the use of audio-visual techniques in classroom settings, is also available (\$29.95) to instructors as an inexpensive supplement.

Key Concepts in Adult Education and Training

Malcolm Tight 2012-11-12

As adults, we are all continually involved in learning, with increasing numbers of us engaged in more formalized forms of learning; that is, in education or training. All those involved in the broad field of adult education and training will come into contact with many specialist ideas or concepts. It is often

assumed of students that they already have a general understanding of these concepts, their meanings, applicability and inter-relationships. This is not always the case. This book examines in detail over forty of these key concepts, ranging from community education and experiential learning to competence and access. It presents a clear, analytical discussion in jargon-free language. It is, therefore, indispensable to all students and practitioners of adult education and training.

Adult and continuing education : theory and practice 1983

Gaming and Simulations: Concepts, Methodologies, Tools and Applications Management Association, Information Resources 2010-11-30 "This book set unites fundamental research on the history, current directions, and implications of gaming at individual and organizational levels, exploring all facets of

game design and application and describing how this emerging discipline informs and is informed by society and culture"--Provided by publisher.

Foundations of Adult and Continuing Education

Jovita M. Ross-Gordon
2016-12-27 A research-based foundational overview of contemporary adult education Foundations of Adult and Continuing Education distills decades of scholarship in the field to provide students and practitioners with an up-to-date practical resource. Grounded in research and focused on the unique needs of adult learners, this book provides a foundational overview of adult education, and an introduction to the organizations and practices developed to support adult learning in a variety of contexts. The discussion also includes select understandings of international adult education, policy, and methods alongside

theoretical frameworks, contemporary and historical contexts, and the guiding principles of adult education today. Coverage of emerging issues includes the aging society, social justice, and more, with expert insight from leading authorities in the field. Many adult educators begin practice through the context of their own experiences in the field. This book provides the broader research, theory, and practice needed for a deeper understanding of adult education and its place in society. Learn the key philosophical and theoretical frameworks of adult education Survey the landscape of the field through contemporary and historical foundations Examine key guiding understandings and practices targeted to adult learners Delve into newer concerns including technology, globalization, and more Foundations of Adult and Continuing Education provides an

expertly-led overview of the field, and an essential introduction to real-world practice.

Instructional Design: Concepts, Methodologies, Tools and Applications

Management Association, Information Resources 2011-03-31 Successful educational programs are often the result of pragmatic design and development methodologies that take into account all aspects of the educational and instructional experience. Instructional Design: Concepts, Methodologies, Tools and Applications presents a complete overview of historical perspectives, new methods and applications, and models in instructional design research and development. This three-volume work covers all fundamental strategies and theories and encourages continued research in strengthening the consistent design and reliable results of

educational programs and models.

Computer-Assisted Language Learning: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources 2019-01-04 In a diverse society, the ability to cross communication barriers is critical to the success of any individual personally, professionally, and academically. With the constant acceleration of course programs and technology, educators are continually being challenged to develop and implement creative methods for engaging English-speaking and non-English-speaking learners. Computer-Assisted Language Learning: Concepts, Methodologies, Tools, and Applications is a vital reference source that examines the relationship between language education and technology and the potential for curriculum enhancements through the use of mobile

technologies, flipped instruction, and language-learning software. This multi-volume book is geared toward educators, researchers, academics, linguists, and upper-level students seeking relevant research on the improvement of language education through the use of technology.

Issues and trends in education for sustainable development Leicht, Alexander 2018-02-19

Information Communication Technologies: Concepts, Methodologies, Tools, and Applications Van

Slyke, Craig 2008-04-30 The rapid development of information communication technologies (ICTs) is having a profound impact across numerous aspects of social, economic, and cultural activity worldwide, and keeping pace with the associated effects, implications, opportunities, and pitfalls has been challenging to researchers

in diverse realms ranging from education to competitive intelligence.

Adult and Continuing Education Today 1994 Teacher Education: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources
2016-05-19 Educators play a significant role in the intellectual and social development of children and young adults. Next-generation teachers can only be as strong as their own educational foundation which serves to cultivate their knowledge of the learning process, uncover best practices in the field of education, and employ leadership abilities that will inspire students of all ages. Teacher Education: Concepts, Methodologies, Tools, and Applications explores the current state of pre-service teacher programs as well as continuing education initiatives for in-service

educators. Emphasizing the growing role of technology in teacher skill development and training as well as key teaching methods and pedagogical developments, this multi-volume work compiles research essential to higher education professionals and administrators, educational software developers, and researchers studying pre-service and in-service teacher training.

Special and Gifted Education: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources
2016-04-25 Diverse learners with exceptional needs require a specialized curriculum that will help them to develop socially and intellectually in a way that traditional pedagogical practice is unable to fulfill. As educational technologies and theoretical approaches to learning continue to advance, so do the opportunities for exceptional

children. **Special and Gifted Education: Concepts, Methodologies, Tools, and Applications** is an exhaustive compilation of emerging research, theoretical concepts, and real-world examples of the ways in which the education of special needs and exceptional children is evolving. Emphasizing pedagogical innovation and new ways of looking at contemporary educational practice, this multi-volume reference work is ideal for inclusion in academic libraries for use by pre-service and in-service teachers, graduate-level students, researchers, and educational software designers and developers.

Distance Education for Teacher Training
