## **The Oxford Latin Syntax** Harm Pinkster 2015

The goal of this work is to present an up-to-date successor to Keuhner-Stegmann's *Ausführliche Grammatik der lateinischen Sprache*, taking into account new editions of Latin texts with better knowledge of the manuscripts, the publication and study of texts unknown in Keuhner-Stegmann's time, recent linguistic studies, and new methods and models in linguistics.

*20th Century Un-Limited* Felice Picano 2013 The 20th Century is over and done with and nothing can be changed. Or is it? Felice Picano's two short novels take delicious what-if peeks at outwitting Time's (seemingly) unbending Arrow. In *Ingoldsby*, a handsome graduate student finds himself caretaking a Midwestern architectural treasure in which not everything or everyone is what they seem—or when they seem either! But a sexy newcomer challenges him to change all that, for himself, and for a gay youth way out of his own time. In *Wonder City of the West*, a man too young in spirit to be at retirement age takes a leap back to Golden Age Hollywood. He encounters youth, friendship, a movie star lover, and talents he never knew he possessed. But as he succeeds beyond his dreams, he must ask—is he merely a tool for a shadowy group with a far larger purpose? Provocative, mind-bending, sensual, and entertaining, *20th Century Unlimited* is an unexpected addition to an established body of work by an author unafraid to confound and surpass expectations.

**Strategic Employee Communication** Gail S. Thornton 2018-10-06 Employee engagement (or a lack thereof) can often be linked to poor communication and a detachment from company goals. Companies of all sizes are looking for ways

to boost communication, recognizing its impact on key business outcomes, such as productivity and profitability. This book offers fresh insights about opportunities to improve the quality of employee communications based on employees' needs. It highlights the importance of simple, jargon-free communication that focuses on dialogue and content. High-performing organizations are more likely to think about communication from the audience perspective, rather than purely from the management perspective. The case studies offer readers a firm understanding of ways to implement and measure communication in daily practice. Effective communication requires planning and this book, with its focus on the US, Latin America, and emerging markets, will guide readers in using communication in the alignment of corporate and employee needs.

**Blacktino Queer Performance** E. Patrick Johnson 2016-06-10 Staging an important new conversation between performers and critics, *Blacktino Queer Performance* approaches the interrelations of blackness and Latinidad through a stimulating mix of theory and art. The collection contains nine performance scripts by established and emerging black and Latina/o queer playwrights and performance artists, each accompanied by an interview and critical essay conducted or written by leading scholars of black, Latina/o, and queer expressive practices. As the volume's framing device, "blacktino" grounds the specificities of black and brown social and political relations while allowing the contributors to maintain the goals of queer-of-color critique. Whether interrogating constructions of Latino masculinity, theorizing the black queer male experience, or examining black lesbian

relationships, the contributors present blacktino queer performance as an artistic, critical, political, and collaborative practice. These scripts, interviews, and essays not only accentuate the value of blacktino as a reading device; they radiate the possibilities for thinking through the concepts of blacktino, queer, and performance across several disciplines. Blacktino Queer Performance reveals the inevitable flirtations, frictions, and seductions that mark the contours of any ethnoracial love affair.

**From Macho to Mariposa** Charles Rice-González 2011 Prepare yourself to dance in a disco in Silver Lake, check out papis in Orchard Beach, cross the border from Guatemala to Mexico on your way to the U.S., see a puro macho bathe in a river in Puerto Rico, make love under a full moon in the Dominican Republic, sigh at a tender moment in an orange grove in Lindsay, visit a panaderia in Kansas, see a full blown birthday party in Juarez, and be seduced by a young artist in the South Bronx. These are some of the stories in this collection of thirty gay Latino writers from around the United States. There are "don't mess with me" divas, alluring bad boys, and sexy teenagers, but also empowered youth for whom being queer is not a question and a family that grows wings on their heads. The infectious rhythms of House music in New York City are adjacent to cumbia in Mexico, next to reggaeton in Puerto Rico, alongside Latin pop in L.A. and merengue in an east coast city. But the spectrum of experiences and emotions that inhabit our days gives these stories dimension and gay/queer Latinos a common ground. The stories are vibrantly varied and clearly connected in this "era of lost signals" in which we live.

**Contemporary Gay Romances** Felice Picano 2011 Contemporary Gay Romances is the third collection of short fiction by legendary novelist and memoirist, Felice Picano (*The Lure*, *Like People in History*, *Ambidextrous*). It is also his most diverse in terms of the times, places, themes, characters and situations he writes about. Filled with the unexpected, the true, and the amazing, Contemporary Gay Romances moves with ease from gas-lit, upper class London, to a future, climate-altered Bay Area; from semi-rural Florida to Southern California beaches, to an extrasolar planet where people have surprising existences. His characters range from ordinary American suburban housewives to extraordinary children, from grieving young geologists and memory-haunted middle aged men, to British Midlands soccer stars and 22nd Century war heroes. Picano subtitled this collection of stylish, unique, and moving works "Tragic, Comic, Mystic & Horrific," and they are all that and more. The ten tales include prize winners as well as stories published here for the first time, and are as different from any standard "romances" as you can get, but they will linger in the mind and memory.

**6th International Conference on the Conservation of Earthen Architecture** The Getty Conservation Institute 1991-02-28 On October 14-19, 1990, the 6th International Conference on the Conservation of Earthen Architecture was held in Las Cruces, New Mexico. Sponsored by the GCI, the Museum of New Mexico State Monuments, ICCROM, CRATEREAG, and the National Park Service, under the aegis of US/ICOMOS, the event was organized to promote the exchange of ideas, techniques, and research findings on the conservation of earthen architecture. Presentations at the conference covered a diversity of subjects, including the historic traditions of earthen architecture, conservation and restoration, site preservation, studies in consolidation and seismic mitigation, and examinations of moisture problems, clay chemistry, and microstructures. In discussions that focused on the future, the application of modern technologies and materials to site conservation was urged, as was using scientific knowledge of existing structures in the creation of new, low-cost, earthen architecture housing.

**Twelve O'Clock Tales** Felice Picano 2012

Twelve O'Clock Tales is the fourth collection of short fiction by legendary novelist and memoirist, Felice Picano (The Lure, Like People in History, True Stories). A personal homage to the storytellers of his youth, Edgar Allen Poe, E.F. Benson, and H. P. Lovecraft, as well as his acquaintances, Arthur C. Clarke and Harlan Ellison. Eleven dark tales, eerie, bizarre, and dreamlike, the tales will thrill and disturb, discomfort and titillate, enthrall and leave you wondering. Picano ranges across time and space, from tribal West Africa to the American heartland, to a lab in Venezuela, and a California Highway fifteen years from now. His characters range from a teen accident survivor with a secret, to a far-future scholar forced to travel to a galactic backwater, to a retired L.A. cop who dabbles in astrology, and a peasant girl in B.C.E. Israel encountering the strangest of strangers. The eleven tales include brand new stories and acknowledged Picano masterworks collected here for the first time.

**The Generation of '72** Brantley Nicholson 2014-03-21 Caught between the well-worn grooves the Boom and the Gen-X have left on the Latin American literary canon, the writing intellectuals that comprise what the Generation of '72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them. In sociopolitical terms, they neither fed into the Cold War-inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write. This book seeks to approach the Generation of '72 from the perspective of cosmopolitanism and global citizenship, a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave.

*A Stolen Life* Jaycee Dugard 2011-07-12 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip

Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

What Night Brings Carla Trujillo 2003-04 In 1960s northern California, Marci Cruz and her sister, Corin, attempt to show their mother the true womanizing and abusing behaviors of their father, as Marci begins to have feelings for other girls.

Being Brown Lázaro Lima 2019-11-12 Being Brown: Sonia Sotomayor and the Latino Question tells the story of the country's first Latina Supreme Court Associate Justice's rise to the pinnacle of American public life at a moment of profound demographic and political transformation. While Sotomayor's confirmation appeared to signal the greater acceptance and inclusion of Latinos—the nation's largest "minority majority"—the uncritical embrace of her status as a "possibility model" and icon paradoxically erased the fact that her success was due to civil rights policies and safeguards that no longer existed. Being Brown analyzes Sotomayor's story of success and accomplishment, despite seemingly insurmountable odds, in order to ask: What do we lose in democratic practice when we allow symbolic inclusion to supplant the work of meaningful political enfranchisement? In a historical moment of resurgent racism, unrelenting Latino bashing, and previously unimaginable "blood and soil" Nazism, Being Brown explains what we stand to lose when we allow democratic values to be trampled for the sake of political expediency, and demonstrates how understanding "the Latino question" can fortify democratic practice. Being Brown provides the historical vocabulary for understanding why

the Latino body politic is central to the country's future and why Sonia Sotomayor's biography provides an important window into understanding America, and the country's largest minority majority, at this historical juncture. In the process, *Being Brown* counters "alternative facts" with historical precision and ethical clarity to invigorate the best of democratic practice at a historical moment when we need it most.

Ambientes Lázaro Lima 2011-06-27 As the U.S. Latino population grows rapidly, and as the LGBTQ Latino community becomes more visible and a more crucial part of our literary and artistic heritage, there is an increasing demand for literature that successfully highlights these diverse lives. Edited by Lázaro Lima and Felice Picano, *Ambientes* is a revolutionary collection of fiction featuring stories by established authors as well as emerging voices that present a collective portrait of gay, lesbian, bisexual, and transgender experience in America today. With a preface by Picano and an introduction by Lima that sets the stage for understanding Latino literary and cultural history, this is the first anthology to cross cultural and regional borders by offering a wide variety of urban, rural, East Coast, West Coast, and midwestern perspectives on Latina and Latino queers from different walks of life. Stories range from sensual pieces to comical romances and from inner-city dramas fueled by street language to portraits of gay domesticity, making this a much-needed collection for many different kinds of readers. The stories in this collection reflect a vibrant and creative community and redefine received notions of "gay" and "lesbian." Finalist, *Over the Rainbow* selection, American Library Association Finalist, LGBT Anthology, Lambda Literary Awards Best Special Interest Books, selected by the American Association of School Librarians Best Special Interest Books, selected by the Public Library Reviewers

*Bodies of Inscription* Margo DeMello 2000 An ethnography of the tattoo community, tracing the practice's transformation from a mostly male, working-class phenomenon to one adapted and propagated by a more middle-class movement in the period from the 1970s to the present.

*Untangling the Knot* Carter Sickels 2015-02-28 *Untangling the Knot: Marriage, Relationships & Identity*, an anthology of essays and creative

nonfiction, delves past the mainstream focus on marriage equality—beyond the knot—to examine the broad scope of issues facing members of the LGBTQ community. The collection sheds light on what marriage equality actually means for queer communities. By confronting the concept of tradition through personal discourse, this volume seeks to create conversation amongst the diverse members of the LGBTQ community and their straight allies to prompt a larger, grander, and more realistic vision of what marriage equality really means for those living in the United States. *Untangling the Knot: Marriage, Relationships & Identity* includes the voices of many individuals who are underrepresented in the modern discourse surrounding LGBTQ rights, and these unique perspectives may change the direction of that conversation for good.

**Health Promotion Evaluation Practices in the Americas** Louise Potvin 2008-10-26 More and more, health promotion is a crucial component of public health, to the extent that public health interventions are called on to prove their effectiveness and appraised for scientific validity, a practice many in the field consider self-defeating. *Health Promotion Evaluation Practices in the Americas* cogently demonstrates that scientific rigor and the goals of health promotion are less in conflict than commonly thought, synthesizing multiple traditions from countries throughout North, Central, and South America (and across the developed-to-developing-world continuum) for a volume that is both diverse in scope and unified in purpose. The book's examples—representing robust theoretical and practical literatures as well as initiatives from Rio de Janeiro to American Indian communities—explain why health promotion evaluation projects require different guidelines from mainstream evaluative work. The editors identify core humanitarian principles associated with health promotion (participation, empowerment, equity, sustainability, intersectoral action, multistrategy, and contextualism), while chapters highlight challenges that must be mastered to keep these principles and scientific objectives in sync,

including: (1) Building health promotion values into evaluation research projects. (2) Expanding the use of evaluation in health promotion. (3) Developing meaningful evaluation questions. (4) Distinguishing between community-based participation research and evaluation-based participation. (5) Evaluating specifically for equity. (6) Designing initiatives to foster lasting social change. The applied knowledge in *Health Promotion Evaluation Practices in the Americas: Values and Research* can bring the goals of intervention into sharper focus for practitioners, evaluators, and decision-makers and facilitate communication on all sides—necessary steps to progress from study findings to real-world action.

*Imagining Latinx Intimacies* Edward A Chamberlain 2020-08 *Imagining Latinx Intimacies* addresses the ways that artists and writers resist the social forces of colonialism, displacement, and oppression through crafting incisive and inspiring responses to the problems that queer Latinx peoples encounter in both daily lives and representation such as art, film, poetry, popular culture, and stories. Instead of keeping quiet, queer Latinx artists and writers have spoken up as a way of challenging stereotypes, prejudice, and the lived experiences of estrangement and physical violence. Artistic thinkers such as Gloria

Anzaldúa, Frances Negrón-Muntaner, and Rane Arroyo have challenged such socio-political problems by imagining intimate social and intellectual spaces that resist the status quo like homophobic norms, laws, and policies that hurt families and communities. Building on the intellectual thought of researchers such as Jorge Duany, Adriana de Souza e Silva, and José Esteban Muñoz, this book explains how the imagined spaces of Latinx LGBTQ peoples are blueprints for addressing our tumultuous present and creating a better future.--Alexandra Gonzenbach Perkins, Assistant Professor of Spanish, Texas State University  
*Red-Inked Retablos* Rigoberto González 2013-03-14 In the Mexican Catholic tradition, retablos are ornamental structures made of carved wood framing an oil painting of a devotional image, usually a patron saint. Acclaimed author and essayist Rigoberto González commemorates the passion and the pain of these carvings in his new volume *Red-Inked Retablos*, a moving memoir of human experience and thought. The collection offers an in-depth meditation on the development of gay Chicano literature and the responsibilities of the Chicana/o writer.

*Reading and Writing the World with Mathematics* Eric Gutstein 2012-09-10 Mathematics education in the United States can reproduce social inequalities whether schools use either "basic-skills" curricula to prepare mainly low-income students of color for low-skilled service jobs or "standards-based" curricula to ready students for knowledge-intensive positions. And working for fundamental social change and rectifying injustice are rarely included in any mathematics curriculum. *Reading and Writing the World with Mathematics* argues that mathematics education should prepare students to investigate and critique injustice, and to challenge, in words and actions, oppressive structures and acts. Based on teacher-research, the book provides a theoretical framework and practical examples for how mathematics educators can connect schooling to a larger sociopolitical context and concretely teach mathematics for social justice.

**Love, Christopher Street** Thomas Keith 2012 While the use of "Christopher Street" in the title is immediate reference to gay New York City, the essays in this volume represent dozens of places

in New York including the five boroughs, Queens, The Bronx, Brooklyn, Manhattan, and Staten Island—and each of them speaks to the author's feelings about, and experience of, being lesbian, gay, bisexual, or transgendered in New York City. Chapters in this volume range from personal anecdote to memoir, reportage, diatribe, love letter, history, herstory, and daydream, as well as tributes to people, places, and events.

**Beauty Salon** Mario Bellatin 2021-09-21 Mario Bellatin's complex dreamscape, offered here in a brand-new translation, presents a timely allegorical portrait of the body and society in decay, victim to inscrutable pandemic. In a large, unnamed city, a strange, highly infectious disease begins to spread, afflicting its victims with an excruciating descent toward death, particularly unsparring in its assault of those on society's margins. Spurned by their loved ones and denied treatment by hospitals, the sick are left to die on the streets until a beauty salon owner, whose previous caretaking experience extended only to the exotic fish tanks scattered among his workstations, opens his doors as a refuge. In the ramshackle Morgue, victim to persecution and violence, he accompanies his male guests as they suffer through the lifeless anticipation of certain death, eventually leaving the wistful narrator in complete, ill-fated isolation.

**Aesthetics of Gentrification** Gerard F. Sandoval 2021-02-19 Gentrification is reshaping cities worldwide, resulting in seductive spaces and exclusive communities that aspire to innovation, creativity, sustainability, and technological sophistication. Gentrification is also contributing to growing social-spatial division and urban inequality and precarity. In a time of

escalating housing crisis, unaffordable cities, and racial tension, scholars speak of eco-gentrification, techno-gentrification, super-gentrification, and planetary-gentrification to describe the different forms and scales of involuntary displacement occurring in vulnerable communities in response to current patterns of development and the hype-driven discourses of the creative city, smart city, millennial city, and sustainable city. In this context, how do contemporary creative practices in art, architecture, and related fields help to produce or resist gentrification? What does gentrification look and feel like in specific sites and communities around the globe, and how is that appearance or feeling implicated in promoting stylized renewal to a privileged public? In what ways do the aesthetics of gentrification express contested conditions of migration and mobility? Addressing these questions, this book examines the relationship between aesthetics and gentrification in contemporary cities from multiple, comparative, global, and transnational perspectives.

**Men of the Mean Streets: Gay Noir** Greg Herren 2011-08-01 Noir has always been one of the most popular—and darkest—sub-genres of the mystery field. Following in the footsteps of such masters of the form as James M. Cain, Raymond Chandler, and Dashiell Hammett, some of the top writers of gay mystery explore this territory of amoral tough guys with a cynical view of the world by giving classic noir a gay twist. Edited by award winning author/editors Greg Herren and J.M. Redmann, *Men of the Mean Streets* changes the face of gay mystery—and the reader may never look at gay life and culture in the same way again.

**Men on the Verge of a His-panic Breakdown** Guillermo A. Reyes 1999 "This series of comedic monologues, which the New York Times called "Glorious," chronicles the lives of various Latino

immigrants dealing with transcultural shock of race and gender identity known as the "Hispanic breakdown." The play is bracketed by the misadventures of the naive Federico or "The Gay Little Immigrant That Could" who arrives in Los Angeles during the first day of the 1992 riots and believes he's witnessing the filming of another Lethal Weapon sequel. Other characters include Vinnie, a kept boy being asked to leave the home of his wealthy sugar daddy because he's turned 30; Edward, a Latino actor passing for Anglo who gets a Latino part and has to deal with his real identity; the Demon Roommate, a lonely young man with an apartment a little too close to the airport; Paco, a Cuban restaurateur who was imprisoned by the Communists in Cuba for being gay and has now been exiled by his right-wing Miami family for the same reason; the Teacher, a stuffy, sexually repressed English-language instructor who abuses his Latino students when they can't learn properly the "language of Princess Di"; and La Gitana, a drag Flamenco dancer struggling with AIDS as he stages his final performance. The play ends with Federico's final misadventure as he tells of his newly found romance, a better job and his acquisition of citizenship in a grand, positive finale. "Some of the characters seem to be hanging onto their American existence by a thread, but make no mistake, these are tough, tenacious men."-- Publisher's description.

Who's Yer Daddy? Jim Elledge 2012-12-05 Who's Yer Daddy? offers readers of gay male literature a keen and engaging journey. In this anthology, thirty-nine gay authors discuss individuals who have influenced them—their inspirational "daddies." The essayists include fiction writers, poets, and performance artists, both honored masters of contemporary literature and those just beginning to blaze their own trails. They find their artistic ancestry among not only literary icons—Walt Whitman, Oscar Wilde, André Gide, Frank O'Hara, James Baldwin, Edmund White—but also a roster of figures whose creative territories are startlingly wide and vital, from Botticelli to Bette Midler to Captain Kirk. Some writers chronicle an entire tribal council of mentors; others describe a transformative encounter with a particular individual, including

teachers and friends whose guidance or example cracked open their artistic selves. Perhaps most moving are the handful of writers who answered the question literally, writing intimately of their own fathers and their literary inheritance. This rich volume presents intriguing insights into the contemporary gay literary aesthetic. Winner, LGBT Nonfiction Anthology, Lambda Literary Awards

**The Greatest Performance** Elias Miguel Munoz 1991-06-30 The Greatest Performance is the ironic title of this deceptively simple, intense, poetic novel of exile. Two soul mates recount to each other their stories of living on the margins of family, country, and sexual identity. Their struggle for love and psychological integrity take us from Cuba to Spain and to the United States where increased freedom is accompanied by culture conflict and the very real threat of AIDS. The Greatest Performance is alternately touching, humorous, and shocking. It is truly memorable literature.

**The Cambridge Companion to Latina/o American Literature** John Morán González 2016-05-20 This Companion presents key texts, authors, themes, and contexts of Latina/o literature and highlights its increasing significance in world literature.

**The Latino Body** Lazaro Lima 2007-08-01 The Latino Body tells the story of the United States Latino body politic and its relation to the state: how the state configures Latino subjects and how Latino subjects have in turn altered the state. Lázaro Lima charts the interrelated groups that define themselves as Latinos and examines how these groups have responded to calls for unity and nationally shared conceptions of American cultural identity. He contends that their responses, in times of cultural or political crisis, have given rise to profound cultural transformations, enabling the so-called "Latino subject" to emerge. Analyzing a variety of cultural, literary, artistic, and popular texts from the nineteenth century to the present, Lima dissects the ways in which the Latino body has been imagined, dismembered, and reimagined

anew, providing one of the first comprehensive accounts of the construction of Latino cultural identity in the United States.

Queer Brown Voices Uriel Quesada 2015-09-01 In the last three decades of the twentieth century, LGBT Latinas/os faced several forms of discrimination. The greater Latino community did not often accept sexual minorities, and the mainstream LGBT movement expected everyone, regardless of their ethnic and racial background, to adhere to a specific set of priorities so as to accommodate a “unified” agenda. To disrupt the cycle of sexism, racism, and homophobia that they experienced, LGBT Latinas/os organized themselves on local, state, and national levels, forming communities in which they could fight for equal rights while simultaneously staying true to both their ethnic and sexual identities. Yet histories of LGBT activism in the 1970s, 1980s, and 1990s often reduce the role that Latinas/os played, resulting in misinformation, or ignore their work entirely, erasing them from history. *Queer Brown Voices* is the first book published to counter this trend, documenting the efforts of some of these LGBT Latina/o activists.

Comprising essays and oral history interviews that present the experiences of fourteen activists across the United States and in Puerto Rico, the book offers a new perspective on the history of LGBT mobilization and activism. The activists discuss subjects that shed light not only on the organizations they helped to create and operate, but also on their broad-ranging experiences of being racialized and discriminated against, fighting for access to health care during the

HIV/AIDS epidemic, and struggling for awareness. *The Tower of the Antilles* Achy Obejas  
2017-07-04 PEN/Faulkner Award Finalist: A “superb story collection” about America and Cuba, escape and return, and history and hope (Los Angeles Times). Longlisted for The Story Prize One of Electric Literature’s Best Short Story Collections of the Year In “Superman,” several possible story lines emerge about a 1950s Havana sex-show superstar who disappeared as soon as the revolution triumphed. “North/South” portrays a migrant family trying to cope with separation and the eventual disintegration of blood ties. “The Cola of Oblivion” follows a young woman who returns to Cuba and inadvertently uncorks a history of accommodation and betrayal among the family members who stayed behind during the revolution. And in the title story, an interrogation reveals a series of fantasies about escape and a history of futility. The Cubans in Achy Obejas’ story collection are haunted by islands: the island they fled, the island they’ve created, the island they were taken to or forced from, the island they long for, the island they return to, and the island that can never be home again. “[A] memorable short fiction collection.” —Publishers Weekly “By turns searing and subtly magical . . . Obejas’ plots are ambushing, her characters startling, her metaphors fresh, her humor caustic, and her compassion potent in these intricate and haunting stories of displacement, loss, stoicism, and realization.” —Booklist “Obejas writes with gentleness, without flashy wording or gimmicks, about people trying to figure out where they belong.” —Los Angeles Review of Books
