Warman's Fiesta Ware Mark Moran 2004-01-30 The clean design and bright colors of the Fiesta dinnerware line first introduced by the Homer Laughlin Co. in 1936 caught the fancy of housewives everywhere, revolutionizing the market for tableware in the United States. To help even more, almost every tool is illustrated with a photograph or line drawing. The section on internet prices explains the mechanisms of electronic auctions and gives tips for successful bidding. If you have ever wished that you could consult with an expert before investing in a tool, this is the book for you. It puts at your fingertips the knowledge and expertise of noted tool collector and dealer Herb Kean, both in determining current prices and in evaluating condition. Altogether, an invaluable book.

How to Day Trade Ross Cameron 2015-10-29 Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders.
