The Nix Nathan Hill 2017-01-26 'The best new writer of fiction in America. The best.' - John Irving Nathan Hill's brilliant debut takes the reader from

the rural Midwest of the 1960s, to New York City during Occupy Wall Street; from Chicago in 1968, to wartime Norway: home of the mysterious Nix. Meet Samuel: stalled writer, bored teacher at a local college, obsessive player of online video games. He hasn't seen his mother, Faye, in decades, not since she abandoned her family when he was a boy. Now she has suddenly reappeared, having committed an absurd politically motivated crime that electrifies the nightly news, beguiles the Internet, and inflames a divided America. The media paints Faye as a radical hippie with a sordid past, but as far as Samuel knows, his mother was an ordinary girl who married her high-school sweetheart. Which version of his mother is true? Two facts are

certain: she's facing some serious charges, and she needs Samuel's help. As Samuel begins to excavate his mother's, and his country's, history, he will unexpectedly find that he has to rethink everything he ever knew about her - a woman with an epic story of her own, a story she has kept hidden from the world.

The Fairest Beauty

Melanie Dickerson
2013-01-22 Sophie has long wished to get away from her stepmother's jealous anger, and believes escape is her only chance to be happy. Then a young man named Gabe arrives from Hagenheim Castle, claiming she is betrothed to his older brother, and everything

twists upside down. This could be her chance at freedom—but can she trust another person to keep her safe? Gabe knows he defied his parents Rose and Wilhelm by going to find Sophie, and now he believes they had a right to worry: the orphan girl has stolen his heart. Though romance is impossible—she is his brother's future wife, and Gabe himself is betrothed to someone else—he promises to himself he will keep her safe, no matter what. When the pair are forced to run to the Cottage of the Seven, they find help—but also find their feelings for each other have grown. Can they find a way to protect Sophie while also safeguarding their hearts?

through the college application process that provides practical advice and reassurance to keep both anxious parents and confused children sane and grounded. Rather than adding to the existing canon of "How to Get In" college guides or rankings, Eric Furda and Jacques Steinberg provide a step-by-step approach to having the tough conversations on this topic with less stress and more success. The book is organized around key discussions and themes that trace the chronological arc of admissions and financial aid--beginning before the assembly of a list of potential colleges and continuing through the receipt of decisions--with a final section that includes advice on the first year of college. The topics include preliminary conversations about the

search, and specifically how parents can think about their children's interests and what kind of college would best suit them; choosing a college (based on its curriculum, culture, and community); writing the most effective essays; assessing acceptances, including considerations of finances and aid; and making the transition from high school to college life. The College Conversation will provide parents, students, and counselors with the credible, level-headed information often missing in this process, as well as a much-needed dash of perspective borne of experience.
