The Spiritual Churches of New Orleans

Claude F. Jacobs 2001 The New Orleans Spiritual churches constitute a distinctive African-American belief system. Influenced by Catholicism, Pentecostalism, Spiritualism, and Voodoo, the group is a New World syncretic faith, similar to Espiritismo, Santería, and Umbanda. The Spiritual Churches of New Orleans combines a historical account of the emergence of this religion with careful ethnographic description of current congregations. At the same time, text and photographs eloquently

convey the ecstasy at the heart of the Spiritual experience. The Spiritual churches began in the 1920s as a women's movement. Men later assumed leadership in an effort to legitimate the group within the New Orleans religious community and form associations with Spiritual churches elsewhere in the United States. Unlike earlier researchers, who treated practices in the churches as expressions of black folk traditions, the authors see Spiritual ritual not as based on magic, but as the way the sacred is acted out within an African-American aesthetic. During worship, members may be filled by the Holy Spirit, as in Pentecostal churches, or "entertain" spirits or spirit guides, as in Spiritualism or Voodoo. Prophecy and healing are presented as the markers of this faith, and the Native American figure Black Hawk as a major symbol of empowerment. Based on extensive interviews with church members,

years of participant observation, and careful research in documentary sources, this book achieves rigorous conceptual clarity in a straightforward, engaging style. The Authors: Claude F. Jacobs holds a Ph.D. in anthropology from Tulane University. He teaches at Oakland University. Andrew J. Kaslow holds a Ph.D. in anthropology from Columbia University. He is a consultant to international organizations.

La Batalla Por la Música Cristiana Tim Fisher 2022-02-15 En La Batalla por la Música Cristiana, trataré de defender la posición histórica que la iglesia ha sostenido por muchos años. Esta no es una batalla por tradiciones humanas ni tampoco religiosas.

Y oro al Señor que mis lectores no la perciban como una defensa de mis propios gustos personales. Si la Escritura tiene verdades fundamentales acerca de la música y su uso en la alabanza, y si nosotros aceptamos que la Biblia es la palabra infalible e inspirada de Dios, entonces nos encontraremos al final, en unidad de propósito.

The Biblical Foundations of Christian Worship Robert Webber 1995-07-01 In an extraordinary way, The Biblical Foundations

of Christian Worship is a massive and comprehensive undertaking designed to provide the biblical context out of which worship is celebrated and enacted. It establishes the working definition for worship through the specific vocabularies of the Old and New Testaments and highlights the use of symbolism, sacrifice, a sense of the numinous, and the myriad of responses to salvation history. It culminates with the history of Israelite/Jewish and New Testament worship, the biblical institutions of worship and those who lead in its celebration, and then reaches its zenith with the depiction of the use of music and art in its varied forms and other sacred acts which are integral parts of the worship tradition. Music in the Baroque Era - From Monteverdi to Bach Manfred F. Bukofzer

2013-04-16 This vintage book contains a comprehensive treatise of Baroque music. It was written for the music student and music lover, with the aim of acquainting them with this great period of music history and helping them to gain a historical understanding of music without which baroque music cannot be fully appreciated and enjoyed. Written in simple, plain language and full of fascinating information about baroque music, this text will appeal to those interested in music but who have little previous knowledge of baroque, and it would make for a most worthy addition to collections of music-related literature. The chapters of this book include: 'Early Baroque in Italy'; 'The Beginnings of the Concertato Style: Gabrieli'; 'The Phases of Baroque Music'; 'Tradition and progress in Sacred

Music'; 'The Netherlands School and Its English Background', et cetera. We are republishing this antiquarian volume now in an affordable, modern edition complete with a new prefatory biography of the author. Selling Jesus Douglas D. Webster 2009-08-01 It's one thing to market cars and deodorant and hamburgers. It's another thing, says Doug Webster, to market Jesus and the gospel. Standing up to a spate of books and seminars that urge churches to model their mission on Madison Avenue methods, Webster sounds an urgently needed wake-up alarm. Selling Jesus is a hard-hitting book that shows how Jesus is more than a product to be hawked, how seekers are more than a matter of meeting "felt needs." But Selling Jesus doesn't merely challenge. It moves beyond penetrating criticism to the next step, suggesting faithful and powerful alternatives to marketing the church. Selling Jesus is a

necessary book for those who are beginning to wonder if evangelism and missions really aren't synonymous with product promotion.

Is Latin America Turning Protestant?

David Stoll 1990-02-28 Protestants are making phenomenal gains in Latin America. This is the first general account of the evangelical challenge to Catholic predominance, with special attention to the collision with liberation theology in Central America. David Stoll reinterprets the "invasion of the sects" as an evangelical awakening, part of a wider religious reformation which could redefine the basis of Latin American politics.

Speaking in Tongues Felicitas D.

Goodman 2008-04-15 Speaking in tongues, or glossolalia, is practiced in many different religions around the world. Dismissed as meaningless gibberish by some observers, it has been the subject of only a few fragmentary studies. The work of Felicitas D.

Goodman represents the first cross-cultural analysis of this enigmatic behavior, and she brings to her research an extensive background in linguistics and anthropology. Dr. Goodman's fieldwork included living with apostolic congregations in Mexico City, in the Yucatan with Maya Indians, and visits with a congregation in Hammond, Indiana. Her observations were preserved on a remarkable collection of sound recordings and films. For this book she presents a selection of conversion stories that highlights the personality structure and experiences of the speakers. A detailed analysis of the phonological and suprasegmental features of the recorded utterances show a surprising cross-cultural agreement. This led Goodman to believe that glossolalists speak the way they do because their speech behavior is modified in a particular mental state, often termed trance, into which they place themselves. In

this light the glossolalia utterance is seen as an artifact of a hyperaroused mental state, or, in Chomskyan terms, as the surface structure of a nonlinguistic deep structure, that of the altered state of consciousness. Goodman describes the hyperaroused mental state as a neurophysiological phenomenon, as well as the associated patterns of movement, and the problems of waking from it. Goodman's diachronic approach yielded equally surprising data about the changes and the waning of the behavior over time. But, as she observes, "we have barely touched the edge of a very large area of inquiry." Her fascinating study opens a number of new avenues of research for anthropologists, such as the study of physiological states accompanying linguistic and ritual behavior.

Difference and Givenness Levi R. Bryant 2008-04-02 From one end of his philosophical work to the other, Gilles Deleuze consistently described his position as a transcendental empiricism. But just what is transcendental about Deleuze's transcendental empiricism? And how does his position fit with the traditional empiricism articulated by Hume? In *Difference and Givenness*, Levi Bryant addresses these long-neglected questions so critical to an understanding of Deleuze's thinking. Through a close examination of Deleuze's independent work--focusing especially on *Difference and Repetition*--as

well as his engagement with thinkers such as Kant, Maimon, Bergson, and Simondon, Bryant sets out to unearth Deleuze's transcendental empiricism and to show how it differs from transcendental idealism, absolute idealism, and traditional empiricism. What emerges from these efforts is a metaphysics that strives to articulate the conditions for real existence, capable of accounting for the individual itself without falling into conceptual or essentialist abstraction. In Bryant's analysis, Deleuze's metaphysics articulates an account of being as process or creative individuation based on difference, as well as a challenging critique--and explanation--of essentialist substance ontologies. A clear and powerful discussion of how Deleuze's project relates to two of the most influential strains in the history of philosophy, this book will prove essential to anyone seeking to understand Deleuze's thought and its

specific contribution to metaphysics and epistemology.

Introduction to Psalms Hermann Gunkel 2020-02-05 Hermann Gunkel's commentary on Psalms (Die Psalmen, HKAT)—considered by many to be his magnum opus—was published in 1926. But he was unable to complete his final work on the Psalms. The severe suffering of the final months of his life forced him to hand over his incomplete manuscript, at Christmastime 1931, to his

pupil Joachim Begrich. Gunkel died on 11 March 1932. Begrich put the final touches on the organization of Gunkel's last work on Psalms, and it was published in 1933 as *Einleitung in die Psalmen: die Gattungen der religiösen Lyrik Israels*. As with much of Gunkel's other work, the influence of *Einleitung in die Psalmen* on the study of the Psalms, Hebrew poetry, and, indeed, the whole realm of Old Testament literature, lyric, and cult, as already noted, "can scarcely be overestimated."

Fanny J. Crosby An autobiography Fanny J.

Crosby 2020-06-24 For those friends and acquaintances, who have expressed a wish to read the complete story of my life, from my childhood to the present time, I have undertaken the writing of this book. By including even some incidents that, in themselves, may seem trivial, I have tried to make this account a full and accurate autobiography. In modesty, however, I have also desired to render my story as simple as possible, in fact, to give a vivid picture of my work, my opinions and my aspirations, not only as a teacher but also as a writer of sacred songs; and if I have spoken with a frankness that may seem akin to egotism, I hope that I may be pardoned; for I am fully aware of the immense debt I owe to those numberless friends, only a few of whom I have been able to mention, and especially to that dear Friend of us all, who is our light and life.
