Me and my group of hot-as-hell bikers were just finding our rhythm when a knock at the door screwed everything up. Someone's after us. Again. But instead of attacking us directly, they kidnapped the only family any of us have on the outside: an innocent woman, the sister of one of my guys, and a child the club has been protecting since birth. But our enemy wants more than revenge, or they'd have murdered us outright. What do they need from us? Who among us are they really after? None of us have any idea, but their cryptic warning makes it clear that we only have a short time to figure it out. All we have to do is find two missing kidnapping victims in a foreign country while skirting the police and keeping a low profile, since my guys are all wanted men. No big deal. But if we don't succeed, there will be more blood on our hands than any of us

**The Harem Master and the Spy** Powerone 2018-04-25 The Harem Master and the Spy is a fast-paced novel of deceit, betrayal and bondage. Amidst the turmoil of World War II, two British women go to Turkey to teach English to the children of diplomats and the Turkish heads of state. But is all what it seems to be or do they harbor a hidden agenda? The Turkish culture of the 1940s is male-dominated and these two women must find ways to navigate it: one, more secure and experienced, uses it to her advantage, trading favors to get what she wants. The other, with little knowledge of either the world around her or of her own heart, finds something deep inside her that scares her when she responds to men's demands. Both women come to the attention of the feared Turkish intelligence department when secrets are stolen from the safes of diplomats. Both women had been in attendance at state dinners on the nights of the break-ins. Determined to find out if either woman—or both—are spies, they are subject to days-long interrogations. One of the women finds escape in the most unlikely way—her sexual innocence highly prized by the Sultan—finding herself in a harem that she knows little about and trained to pleasure the Sultan in all manners. Will she relinquish herself to the Sultan's wanton pleasure or will she suffer the fate of those who offend him? Will the other woman escape the clutches of her captors, or will she disappear like many who preceded her? Are they two innocent women, or are they dedicated and cunning spies caught in the wrong place at the wrong time? Intense bondage in the inimitable Powerone manner!

**Arab Women's Lives Retold** Nawar Al-Hassan Golley 2007-10-18 Examining late twentieth-century autobiographical writing by Arab women novelists, poets, and artists, this essay collection explores the ways in which Arab women have portrayed and created their identities within differing social environments. The collection goes well beyond dismantling standard notions of Arab female subservience, exploring the many ways Arab women writers have learned to speak to each other, to their readers, and to the world at large. Drawing from a rich body of literature, the essays attest to the surprisingly lively and committed roles Arab women play in varied geographic regions, at home and abroad. These recent writings assess how the interplay between individual, private, ethnic identity and the collective, public, global world of politics has impacted Arab women's rights.

My Peculiar Harem Susana Raso 2015-05-30 BRAND NEW! Susana Raso's latest book explores a novel theme involving human sensuality, related to but somewhat different from her usual topics. A married heterosexual family man is introduced by chance into bondage and cross-dressing by an exceptional woman. Initially only innocent playacting is involved, but as their friendship develops, she develops an unconventional relationship with both him and his wife. Although he finds himself in a consensual situation with two delightful females, his circumstance turns out to be significantly different from the usual male fantasy about being the Master of a submissive harem. The approach taken by this volume remains lighthearted and literate, as well as tastefully erotic, besides suggesting a life style that may be accepted in the future. 17,000 words 94 pages 67 illustrations.

Shamelessly, she reveals the sheikh's secrets of exotic lovemaking, and writes down all in her journal, her every thought, fear, and pleasure, with pressing frankness. There is much to learn before she is "called" to her Master. Eunuchs train and instruct her in every facet of the art of pleasing a man. ... "on one hand, I looked forward to knowing these things, yet on the other, I was aghast at the way I had to show myself and the distasteful things I might have to do. It thoroughly unnerved me to

realize that I must know a man in these ways--a man I scarcely knew..". Her description of life in the harem is compelling and moving, recalling a level of lustful debauchery, submission, and decadence unimaginable today, but completely believable in the era in which it is set...and we are like the "fly on the wall" to watch intriguing, romantic, and sometimes wretched events unfold.

*Allison's Adventures in Underland* C. M. Stunich 2017-12-17 Um. Um. Um. Are you reading this? If you are, I need your help. I was at a party; I was running; I fell. And get this--this is the part you'll never believe--I fell down a rabbit hole. Like Alice in those old books. Except in those books, there wasn't blood everywhere. In those books, the characters weren't all male, attractive, and interested in me. Forget everything you know about the Mad Hatter, the White Rabbit, the March Hare ... This isn't Wonderland; this is Underland. Violence, sex, drugs, and magic ... that's all there is in this place. There's me, Allison, and there are the men that want me, the enemies that hunt me, and the darkness that's quickly rolling in. And only I can stop it. So if you're reading this, will you help me? Please. I just want to escape this place and go ... home. ALLISON'S ADVENTURES IN UNDERLAND (Book 1 of 3 in the "Harem of Hearts" series) -- is a full-length reverse harem/new adult/dark romance novel, a gritty retelling of "Alice's Adventures in Wonderland". Don't expect a children's tale; these characters are nothing like their more innocent counterparts. This book contains: drugs, cursing, violence, sex ... and love found in the darkest shadows.

*Sin City Baby* Rye Hart 2018-05-31 It's the Vegas celebration leading up

to Sam's best friend's wedding - and all four Anderson brothers want the innocent maid of honor all to themselves. Steamy. Sexy. Willing to share. The Anderson boys were my friends. We grew up next-door to each other. Sleep overs were always fun. Twister games all night. Body to body contact. With them, I always liked to be in the middle. But, that's where it stopped. Because they were my best friend's older brothers. And, I was the younger 'innocent' girl next door. Now, we're all in Vegas for the weekend. And something is different. Maybe it's the way their eyes examine my body. And linger at my plush peaks and valleys. I must be imagining it, right? How can all four brothers want me? One night, they want to play a naughty game of Strip poker. Four wild men. One unassuming girl. Will this be the most unforgettable night ever? Or, will I regret letting my inhibitions finally get the best of me?

And now they want to own me too. They promise to protect me, but I know that's a lie. They want to break me, they want to make me pay for my father's sins, and even though I'm forced to accept their bargain to survive, I won't let them win. If Bishop, Misael, and Kace think I'll break easily...they better think again. Because even a princess can grow claws. **You Wish** Sophie Stern 2021-07-06 Fate smiles upon the wicked. Prison. That's where my dad is, and the word tastes sour and wrong on my tongue. Prison. He doesn't deserve to be there. I know that. The set-up was done by someone wicked, someone who wants him out of the game. After all, there's a lot of truth to the saying, "Out of sight, out of mind." My aunt takes pity on me and takes me in, which means I get to spend all of my days at Fate High School. The school is its own sort of prison, but it doesn't matter. I'm just biding my time until I can actually prove that

my dad is innocent: that he doesn't deserve what happened to him. In the meantime, I'm stuck navigating a new school, new groups, and new cliques. Oh, and the Legends. The three bad-boy bullies of the school have their own little group, one I want no part of. Too bad they can't seem to take their eyes off of me. This is a bully reverse harem high school story with steamy scenes, bad boys, and bullying. Expect swearing, expect bad choices, and expect our heroine to refuse to choose between her three bad boys.

**Blood and Sorcery** Candace Wondrak 2019-01-31 Lena has never been a fan of magic. After purposely resorting to necromancy, she should feel nothing but guilt. Her guilt is drowned out by the pain her newest thrall brings, and the jealousy that emerges from her two men. Her noble and steadfast chevalier. Her fiery and angry mage. Her calm and logical runic warrior. She knows she might be getting greedy, but is it so wrong to want happiness with each of them? Yes, when there are other lives at stake. All the mages in the College are at risk of execution after what the last High Enchanter did. Only she knows the truth of what happened in that cabin, and Lena will do everything in her power to protect her friends and the other innocent souls, even if it means marching straight to the king and being executed herself. Because her soul is not as innocent as she thinks it is. Inside her, there is a darkness. A darkness that calls to an old god of death. The world will never be the same. Gods are made of monsters and men alike. Blood and Sorcery is the second Unfortunate Magic novel, a fast-burn fantasy series with heavy helpings of steam and M/M.

**Allison Shatters the Looking-Glass** C. M. Stunich 2018-12-20 I'm so fucking scared right now. No, not just scared--I'm terrified. And if you're reading this, you should be, too. I fell through the Looking-Glass; I got back home. But get this: I didn't come alone. Oh, and it doesn't feel like home anymore. Unlike Alice in the original story, this is not my Wonderland. Mom, Dad, meet my nine boyfriends; one of them's a faerie who foretells the future--is that what I'm supposed to say? Back in

Underland, things are even worse. Betrayal, heartbreak, and death ... that's all that's waiting for us in Castle Heart. *Her Shifter Harem's Babies [Full Collection]* Layla Heart 2022-08-25  
Cyra, a rare Omega phoenix shifter, has been hiding from the shifter world for years, but she's about to be dragged back into it in a big way. Cyra feels that she's pretty good at pretending that she's human, she's got a job at a cafe and is a princess for hire for birthday parties for kids. Money is always tight, but she likes her freedom and that's worth a lot to her. Rare Omegas like her are never truly safe. Either because her parents keep trying to marry her off to some rich Alpha for the money and status it would bring them, or the constant danger of being found out, kidnapped and bred by some random shifter family hoping to gain status from that. Once she's claimed by an Alpha, she'll become the Alpha's property, and she refuses to live like that. But those situations become real possibilities when Cyra finds herself at the start of the shifter mating season with an old car that constantly breaks down and her stash of medication that she uses to hide her Omega status running dangerously low, and no money to afford to do something about either problem. Her problems get even worse when two playboy Alphas, a hydra and a griffin, start showing up at the cafe. Their teasing and

interest making her feel things and want things she's sworn to never do with another shifter, for the risk of what could happen is too great for the short enjoyment it would bring. But the final straw is when she accidentally accepts to play a princess at a shifter kid's birthday party and her car breaks down right as she's about to leave. Luckily, or maybe she's just that unlucky, two kind Alphas, a cerberus and a centaur, are able to give her a ride back home. Their kindness making her feel safe and comforted, even when it's not safe for her at all. In a bout of recklessness and a desperate need for the money, she accepts the offer of the cerberus and centaur to be their date to the yearly Night Gala. An exclusive event at the start of the mating season where Alphas, Betas and Omegas can meet, but it's not uncommon for humans to attend too, as 'dates' or staff. One night of looking pretty and eating fancy food and she'd be able to not only fix her car but afford the medication she needs, the offer is too tempting. What she hadn't expected was for the hydra and the griffin to show up too. Or how all four Alphas would react to her Omega scent. Or how the media would hound them through the city as the five are trying to figure out what's going on. Or, worst of all, how her parents would use this opportunity to get the fame they've always wanted by claiming that the four Alphas have kidnapped Cyra and that she's already promised to another Alpha. Now the five not only have to figure out their feelings, but are also on the run from the media, the police and anyone interested in getting their hands on a rare Omega, no matter the cost... This collection contains all four books in the Her Shifter Harem's Babies series, Omega Phoenix: Claimed, Omega Phoenix: Hunted, Omega Phoenix: Pursued and Omega Phoenix: Provoked. This is a paranormal Omegaverse reverse harem #WhyChoose romance. These books may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). This series contains MF, MM and group scenes.
