The Age of Surveillance Capitalism

Shoshana Zuboff 2019-01-31 THE TOP 10 SUNDAY TIMES BESTSELLER Shortlisted for the FT Business Book of the Year Award 2019 'Easily the most important book to be published this century. I find it hard to take any young activist seriously who hasn't at least familiarised themselves with Zuboff's central ideas.' - Zadie Smith, The Guardian The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control us. The heady optimism of the Internet's early days is gone. Technologies that were meant to liberate us have deepened inequality and stoked divisions. Tech companies gather our information online and sell it to the highest bidder, whether government or retailer. Profits now depend not only on predicting our behaviour but modifying it too. How will this fusion of capitalism and the digital shape our values and define our future? Shoshana Zuboff shows that we

are at a crossroads. We still have the power to decide what kind of world we want to live in, and what we decide now will shape the rest of the century. Our choices: allow technology to enrich the few and impoverish the many, or harness it and distribute its benefits. The Age of Surveillance Capitalism is a deeply-reasoned examination of the threat of unprecedented power free from democratic oversight. As it explores this new capitalism's impact on society, politics, business, and technology, it exposes the struggles that will decide both the next chapter of capitalism and the meaning of information civilization. Most critically, it shows how we can protect ourselves and our communities and ensure we are the masters of the digital rather than its slaves. Less Doing, More Living Ari Meisel 2014-04-03 "Less is more"—or, more specifically, the less you have to do, the more life you have to live. Efficiency expert Ari Meisel details his "Less Doing" philosophy, which will streamline your life, and make everything easier. In business and our personal lives, it often seems as if the only way to get more done is by putting in more time—more hours at the office, more days running errands. But what if there were a way that we could do less, and free up more time for the things and people we love? If this sounds like what you need, Ari Meisel—TEDx speaker, efficiency consultant, and achievement architect—has the program for you. In *Less Doing, More Living*,

Meisel explores the fundamental principles of his "Less Doing" philosophy, educating the reader on: Optimizing workflow with twenty-first-century apps and tools. Creating an "external brain" in the Cloud to do all of your "lower" thinking—like keeping track of appointments, meetings, and ideas. How to use technology to live a paper-free life. The three fundamentals of wellness—fitness, sleep, and nutrition—and technological approaches to improving these areas of life. And so much more! This book will give readers new tools and techniques for streamlining their workload, being more efficient in their day-to-day activities, and making everything in life easier.

Living the 80/20 Way by Richard Koch (Summary)

QuickRead Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Learn how living the 80/20 way can help you find happiness and success by simply doing less. Like most people in today's society, you may be tired of the daily grind. You simply wake up, head to work, sit at your desk all day, head home, eat dinner, go to bed, and do it all again the next day. There has to be more, right? Well, according to Koch, we are living life all wrong; instead of working to live, we live to work. We spend most of our time exerting our energy at work, only to find that when we get home, we are too exhausted and to give our best selves to our families and friends. Here's where the 80/20 principle comes in. The 80/20 principle refers to the observation that roughly 80 percent of results stem from 20 percent of causes. For example, the world's top 20 percent of people generate 80 percent of the world's wealth. While this principle

has been used successfully in the business and economics world, it can now be applied to the lives of any individual. In other words, we can achieve more by doing less. As you read, you'll learn how to find your happiness islands, how to save money like the wealthy, and lastly, how living a simple life may be the key to success.

Pinocchio, the Tale of a Puppet Carlo Collodi 2011-02 Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!"

Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.

The 80/20 Principle, Third Edition

Richard Koch 2011-11-09 Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

80/20 Triathlon

Matt Fitzgerald 2018-09-18 A breakthrough program for triathletes -- beginner, intermediate, and advanced -- showing how to balance training intensity to maximize performance -- from a fitness expert and elite coach. Cutting-edge research has proven that triathletes and other endurance athletes experience their greatest performance when they do 80 percent of their training at low intensity and the remaining 20 percent at moderate to high intensity. But the

vast majority of recreational triathletes are caught in the so-called "moderate-intensity rut," spending almost half of their time training too hard--harder than the pros. Training harder isn't smarter; it actually results in low-grade chronic fatigue that prevents recreational athletes from getting the best results. In 80/20 Triathlon, Matt Fitzgerald and David Warden lay out the real-world and scientific evidence, offering concrete tips and strategies, along with complete training plans for every distance-- Sprint, Olympic, Half-Ironman, and Ironman--to help athletes implement the 80/20 rule of intensity balance. Benefits include reduced fatigue and injury risk, improved fitness, increased motivation, and better race results.

The 80/20 Principle

Richard Koch 2012-01-01 Learn the time-tested secret of achieving more with less using the 80/20 Principle. Based on the counter-intuitive fact that 80% of results flow from 20% of causes, it is the guiding principle of highly effective people and organizations.

The 80/20 Principle and 92 Other

Powerful Laws of Nature

Richard Koch 2013-06-06 In a brand new Preface, bestselling author Richard Koch describes a paradigm shift in business, whereby intuition is more important than analysis, ideas and product trump strategy, and influence is superior to control. In this essential companion to his bestselling *The 80/20 Principle* - the radical power law that helped thousands of people achieve more by doing less - Koch illuminates 92 other universal principles and laws to promote the science of success in an increasingly challenging business environment.

The 80/20 Manager Richard Koch

2013-05-02 A large number of managers - especially in these difficult times - feel completely overwhelmed. Their inboxes are overflowing, they constantly struggle to finish their to-do lists and they stay at work longer than they would like to, leaving little time for the things that really matter. Luckily there is a way for managers to enjoy work and build a successful and fulfilling career without stress or long hours. In his bestselling book *The 80/20 Principle*, Richard Koch showed readers how to put the 80/20 Principle - the idea that 80 per cent of results come from just 20 per cent of effort - into practice in their personal lives. Now he demonstrates the few things you need to do in the workplace to multiply the results you achieve. By applying the strategies outlined in *The 80/20 Manager*, you will:

- Put in fewer hours than your colleagues yet never be short of time
- Learn to focus only on the issues that really matter, and ignore those that don't
- Achieve exceptional results by working less hard
- Feel successful every day

It includes: * Evolution by Natural Selection * Business Genes * Gause's Laws * Evolutionary Psychology * Newton's Laws * Relativity * Quantum Mechanics * Chaos * Complexity * The Tipping Point * Increasing Returns * Unintended Consequences 'Richard Koch delivers some sharp cross-disciplinary comparisons and knows his onions on both sides of the business/science fence... Koch's feet are firmly on the ground' THE SUNDAY TIMES - Business Book of the Week 'Cogently, entertainingly and often controversially, [Koch] draws parallels between the natural universe and the modern business world. Persevere with Koch's often elegant thought processes and you will look at your business quite differently' ENTERPRISE

The Comfort of Things Daniel Miller 2013-04-24 What do we know about ordinary people in our towns and cities, about what really matters to them and how they organize their lives today? This book visits an ordinary street and looks into thirty households. It reveals the aspirations and frustrations, the tragedies and accomplishments that are played out behind the doors. It focuses on the things that matter to these people, which quite often turn out to be material things – their house, the dog, their music, the Christmas decorations. These are the means by which they express who they have become, and relationships to objects turn out to be central to their relationships with other people – children, lovers, brothers and friends. If this is a typical street in a modern city like London, then what kind of society is this? It's not a community, nor a neighbourhood,

nor is it a collection of isolated individuals. It isn't dominated by the family. We assume that social life is corrupted by materialism, made superficial and individualistic by a surfeit of consumer goods, but this is misleading. If the street isn't any of these things, then what is it? This brilliant and revealing portrayal of a street in modern London, written by one of the most prominent anthropologists, shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming. It reveals the forms by which ordinary people make sense of their lives, and the ways in which objects become our companions in the daily struggle to make life meaningful.

PROFESSIONAL MANAGER

80/20 Sales and Marketing Perry Marshall 2013-08-13 Marketer Perry Marshall converts the widely known 80/20 principle into a master framework that multiplies the power of everything you do in sales and marketing and makes scary-accurate predictions. It's the ultimate secret to selling more while working less. Guided by famed marketing consultant and best-selling author Perry Marshall, sales and marketing professionals save 80 percent of their time and money by zeroing in on the right 20 percent of their market - then apply 80/20² and 80/20³ to gain 10X, even 100X the success. With a powerful 80/20 software tool (online, included with the book), sellers and marketers uncover how to slash time-wasters; advertise to hyper-responsive buyers and avoid tire-kickers; gain coveted positions on search engines; differentiate themselves from competitors and gain esteem in their marketplace. With the included tools they'll see exactly how much money they're leaving on the table, and how to put it back in their pockets. Sellers will identify untapped markets, high-profit opportunities and incremental improvements, gaining time and greater profit potential. Supported by online tools from Marshall, including The 80/20 Power Curve, a tool that helps you see invisible money, and a Marketing DNA Test, a personal assessment that zeroes in on one's natural selling assets, this timeless guide promises to change the game for seasoned and novice marketers and sellers.

The Star Principle Richard Koch 2010-03-04 Richard Koch has made over

£100 million from spotting 'Star' businesses. In his new book, he shares the secrets of his success - and shows how you too can identify and enrich yourself from 'Stars'. Star businesses are ventures operating in a high-growth sector - and are the leaders in their niche of the market. Stars are rare. But with the help of this book and a little patience, you can find one, or create one yourself. THE STAR PRINCIPLE is a vital book for any budding entrepreneur or investor (of grand or modest means). The 80/20 Individual Richard Koch 2005 Applying the 80/20 principle to developing a more profitable, successful business, this practical business manual explains how executives, managers, and entrepreneurs can utilize their 80/20 skills to enhance their business, drawing on real-life examples from such companies as Microsoft, Wal-Mart, Intel, and Toyota. Reprint. 12,500 first printing.

Unreasonable Success and How to Achieve It Richard Koch 2020-08-13 How do people of seemingly ordinary talent go on to achieve unexpected results? What can we learn from them? What are the ingredients for unreasonable success and how is it achieved? In this ground-breaking book, bestselling author Richard Koch charts a map of success, identifying the nine key attitudes and strategies can propel anyone to new heights of accomplishment. The pattern of success is fractal. It is endlessly varied but endlessly similar. Success

does not require genius, consistency, all-round ability, a safe pair of hands or even basic competence. If it did, most of the people in this book would not have impacted the world as they did. Who could have predicted that Nelson Mandela, a once-obscure lawyer, could have averted disaster in South Africa, reconciling people of different heritages to each other and establishing a viable democracy? Or that Helena Rubinstein, a young woman growing up in the grotty ghetto of Kraków, could have changed the face of beauty throughout the world? Or that the illegitimate son of a notary would become one of the world's greatest painters, known universally by his first name, Leonardo? Successful people typically don't plan their success. Instead they develop a unique philosophy or attitude that works for them. They stumble across strategies which are shortcuts to success, and latch onto them. Events hand them opportunities they could not have anticipated. Often their peers with equal or greater talent fail while they succeed. It is too easy to attribute success to inherent, unstoppable genius. With this book, you can embark on a journey towards a new, unreasonably successful future.

Summary of Living the 80/20 Way

Around India in 80 Trains Monisha Rajesh 2012-11-08 In 1991, Monisha's family uprooted from Sheffield to Madras in the hope of making India their home. Two years later, fed up with soap-eating rats, stolen human hearts and the creepy colonel across the road, they returned to England with a bitter taste in their mouths. Twenty years later, Monisha came back. Taking a page out of Jules Verne's classic tale, *Around the World in 80 Days*, she embarked on a 40,000km adventure around India in 80 trains. Travelling a distance equivalent to the circumference of the Earth, she lifted the veil on a country that had become a stranger to her. As one of the largest civilian employers in the world, featuring luxury trains, toy trains, Mumbai's infamous commuter trains and even a hospital on wheels, Indian Railways had more than a few stories to tell. On the way, Monisha met a colourful cast of characters with epic stories of their own. But with a self-confessed militant atheist as her photographer, Monisha's personal journey around a country built on religion was not quite what she bargained for... *Around India in 80 Trains* is a story of adventure and drama infused with sparkling wit and humour.

Living Energy Robert Campagnola
2014-03-19 The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

Resetting Our Future: Zero Waste Living, The 80/20 Way Stephanie J. Miller 2020-10-30 Many of us feel powerless to solve the looming climate and waste crises. We have too much on our plates, and may think these problems are better solved by governments and businesses. This book

unlocks the potential in each "too busy" individual to be a crucial part of the solution. Stephanie Miller combines her career focused on climate change with her own research and personal experience to show how a few, relatively easy lifestyle changes can create significant positive impact. Start With Why Simon Sinek 2011-10-06

Simon Sinek's recent video on 'The Millennial Question' went viral with over 150 million views. Start with Why is a global bestseller and the TED Talk based on it is the third most watched of all time. Why are some people and organisations more inventive, pioneering and successful than others? And why are they able to repeat their success again and again? In business, it doesn't matter what you do, it matters WHY you do it. Start with Why analyses leaders like Martin Luther King Jr and Steve Jobs and discovers that they all think in the same way - they all started with why. Simon Sinek explains the framework needed for businesses to move past knowing what they do to how they do it, and then to ask the more important question-WHY? Why do we do what we do? Why do we exist? Learning to ask these questions can unlock the secret to inspirational business. Sinek explains what it truly takes to lead and inspire and how anyone can learn how to do it.
