Teaching about American Federal Democracy Temple University. Center for the Study of Federalism 1986 Ten essays discuss federal democracy, the form of government of the United States. The first essay discusses the origins of American federalism. The second examines why we have a federal system, the functions federalism serves, and the consequences of federalism for the American political system. Federalism in the Constitution and constitutional law are treated in the third essay. The importance of cultural pluralism in American life and the role of American federalism in supporting pluralism are the foci of the fourth essay. The roles that the local community, the states, and political parties play in the federal system are examined in essays 5, 6, and 7, respectively. State, local, and professional roles in citizenship education are discussed in the eighth essay. The ninth essay explores how high school U.S. history and government textbooks approach federalism. The concluding essay describes resources on federalism that can be used in curriculum development at the secondary and college levels. Many of the essays are followed by topics for further study and suggested readings for teachers. (RM)

Democracy at Risk Jerry Combee 1984

Appendix to Journals of Senate and Assembly ... of the Legislature Nevada. Legislature 1923

Prosperity and Poverty E. Calvin Beisner 2001-11-19 We live in a world with millions in need, a nation torn by conflicting ideologies that offer failing remedies for economic ills. Yet the gospel calls Christians to feed the hungry and care for the poor. But how? Prosperity and Poverty offers clear teaching on Biblical principles of stewardship and economics, enabling us to make informed choices in these areas. The stakes are high. Our decisions mean the difference between starvation and plenty, between liberty and oppression, for tens of millions of people.

Teaching about the Constitution in American Secondary Schools Howard D. Mehlinger 1981 The components presented in this document are general and specific recommendations for improving instruction about the Constitution, including revised versions of the seven conference papers. The papers are: "Society's Expectations for School Instruction about the Constitution: An Historical Overview" (R. Freeman Butts); "What Youth Know and Believe about the Constitution" (Karen S. Dawson); "What Adults Know and Believe about the Constitution" (Peter F. Nardulli); "Mandates on the Constitution" (Charles J. White); "Treatment of the Constitution in American History Textbooks" (John J. Patrick); "Treatment of the Constitution in Civics and Government Textbooks" (Richard C. Remy); and "Treatment of the Constitution in School-Based Non-Traditional Programs" (Mary Jane Turner). The document includes a list of conference recommendations. (BZ)

Magruder's American Government Frank Abbott Magruder 1964

American Government Glen Krutz 2016-07-14 "Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."--BC Campus website.

This built-in differentiation allows teachers to pick and choose among the resources that meet the needs of all students!

World Development Report 2018 World Bank Group 2017-10-16 Every year, the World Bank's World Development Report (WDR) features a topic of central importance to global development. The 2018 WDR—LEARNING to Realize Education's Promise—is the first ever devoted entirely to education. And the time is right: education has long been critical to human welfare, but it is even more so in a time of rapid economic and social change. The best way to equip children and youth for the future is to make their learning the center of all efforts to promote education. The 2018 WDR explores four main themes: First, education's promise: education is a powerful instrument for eradicating poverty and promoting shared prosperity, but fulfilling its potential requires better policies—both within and outside the education system. Second, the need to shine a light on learning: despite gains in access to education, recent learning assessments reveal that many young people around the world, especially those who are poor or marginalized, are leaving school unequipped with even the foundational skills they need for life. At the same time, internationally comparable learning assessments show that skills in many middle-income countries lag far behind what those countries aspire to. And too often these shortcomings are hidden—so as a first step to tackling this learning crisis, it is essential to shine a light on it by assessing student learning better. Third, how to make schools work for all learners: research on areas such as brain science, pedagogical innovations, and school management has identified interventions that promote learning by ensuring that learners are prepared, teachers are both skilled and motivated, and other inputs support the teacher-learner relationship. Fourth, how to make systems work for learning: achieving learning throughout an education system requires more than just scaling up effective interventions. Countries must also overcome technical and political barriers by deploying salient metrics for mobilizing actors and tracking progress, building coalitions for learning, and taking an adaptive approach to reform.

The Core Studies Teachers' Guide ... Honolulu (Hawaii) McKinley high school 1941
Teaching Handicapped Students Social Studies Terry Shaw 1981 Written by teachers,

the manual contains nine chapters designed to help regular and special education teachers teach social studies to handicapped students in the mainstreamed setting. Chapters have the following titles and authors: "Social Studies in the Mainstreamed Classroom, K-6" (A. Ochoa, S. Shuster); "My Place in Space--Painting Maps on Classroom Floors" (L. Dunne, O. Knudsen); "Teaching Strategies for Middle-Level Handicapped Students" (L. Barnard); "Modifying Study Guides, Practice and Tests for Students with Learning Difficulties at the Secondary Level" (A. Schlick, et al.); "Cooperative Teaching of Senior High Social Studies to Handicapped

Students" (R. Lipelt, K. Meyers); "Improving the Handicapped Student's Self-Concept--Classroom Strategies" (G. Elovitz); "The Open Classroom Approach to Teaching Secondary Social Studies for All Students" (L. Biemer); "Notes on Teaching History to Socially, Intellectually, or Academically Handicapped High School Students" (G. Casteel); and "Teaching Social Studies to Low-Achieving Students in the Secondary School" (D. Wiseman, et al.). (DB)
