Episcopal and Clerical Duty and Responsibility Considered, in Reference to Ireland, in a Letter ... to the ... Bishop of Down and Connor, on His Lordship's Charge Against the Established Church Home Mission Robert James MACGHEE 1835

Made in America Claude S. Fischer 2010-05-15 Our nation began with the simple phrase, "We the People." But who were and are "We"? Who were we in 1776, in 1865, or 1968, and is there any continuity in character between the we of those years and the nearly 300 million people living in the radically different America of today? With *Made in America*, Claude S. Fischer draws on decades of historical, psychological, and social research to answer that question by tracking the evolution of American character and culture over three centuries. He explodes myths—such as that contemporary Americans are more mobile and less religious than their ancestors, or that they are more focused on money and consumption—and reveals instead how greater security and wealth have only reinforced the independence, egalitarianism, and commitment to community that characterized our people from the earliest years. Skillfully drawing on personal stories of representative Americans, Fischer shows that affluence and social progress have allowed more people to participate fully in cultural and political life, thus broadening the category of "American" —yet at the same time what it means to be an American has retained surprising continuity with much earlier notions of American character. Firmly in the vein of such classics as *The Lonely Crowd* and *Habits of the Heart*—yet challenging many of their conclusions—*Made in America* takes readers beyond the simplicity of headlines and the actions of elites to show us the lives, aspirations, and emotions of ordinary Americans, from the settling of the colonies to the settling of the suburbs.

Second Corinthians (Paideia: Commentaries on the New Testament) Raymond F. Collins 2013-06-15 In this addition to the well-received Paideia series, a respected senior New Testament scholar examines cultural context and theological meaning in *Second Corinthians*. Paideia commentaries explore how New Testament texts form Christian readers by • attending to the ancient narrative and rhetorical strategies the text employs • showing how the text shapes theological convictions and moral habits • commenting on the final, canonical form of each New Testament book • focusing on the cultural, literary, and theological settings of the text • making judicious use of maps, photos, and sidebars in a reader-friendly format Students, pastors, and other readers will appreciate the historical, literary, and theological insight offered in this practical commentary.

Alcohol, Addiction and Christian Ethics Christopher C. H. Cook 2006-05-04 Addictive disorders are characterised by a division of the will, in which the addict is attracted both by a desire to continue the addictive behaviour and also by a desire to stop it. Academic perspectives on this predicament usually come from clinical and scientific standpoints, with the 'moral model' rejected as outmoded. But Christian theology has a long history of thinking and writing on such problems and offers insights which are helpful to scientific and ethical reflection upon the nature of addiction. Chris Cook reviews Christian theological and ethical reflection upon the problems of alcohol use and misuse, from biblical times until the present day. Drawing particularly upon the writings of St Paul the Apostle and Augustine of Hippo, a critical theological model of addiction is developed. Alcohol dependence is also viewed in the broader ethical perspective of the use and misuse of alcohol within communities.

Gentle Shepherding Joseph Earl Bush 2012-11 Named "One of the Top Ten Books for Parish Clergy" for the year 2006 by the Academy of Parish Clergy! Gentle Shepherding offers a rare balance in an introduction to pastoral ethics, one that identifies deeply with the pastoral vocation and brings it into conversation with a developed body of ethical theory. The goal of the book is to equip seminarians and pastors with conceptual resources for clarifying moral responsibility in the practice of ministry. This responsibility includes three levels: the minister as a moral agent in offering care; the minister as a moral enabler in encouraging virtue in others; and the minister as a moral leader in facilitating congregational life and witness in society. Helping ministers and seminarians to think anew about their responsibilities and the moral quandaries in pastoral practice, Gentle Shepherding integrates theory with practice, providing case material for further reflection and discussion and at least one case study or exercise associated with each chapter.

Women in Scripture Carol Meyers 2000-03-30 "This splendid reference describes every woman in Jewish and Christian scripture . . . monumental" (Library Journal). In recent decades, many biblical scholars have studied the holy text with a new focus on gender. Women in Scripture is a groundbreaking work that provides Jews, Christians, or anyone fascinated by a body of literature that has exerted a singular influence on Western civilization a thorough look at every woman and group of women mentioned in the Bible, whether named or unnamed, well known or heretofore not known at all. They are remarkably varied—from prophets to prostitutes, military heroines to musicians, deacons to dancers, widows to wet nurses, rulers to slaves. There are familiar faces, such as Eve, Judith, and Mary, seen anew with the full benefit of the most up-to-date results of biblical scholarship. But the most innovative aspect of this book is the section devoted to the many females who in the scriptures do not even have names. Combining rigorous research with engaging prose, these articles on women in the Hebrew Bible, the Apocryphal/Deuterocanonical Books, and the New Testament will inform, delight, and challenge readers interested in the Bible, scholars and laypeople alike. Together, these collected histories create a volume that takes the study of women in the Bible to a new level.
