Islam Karen Armstrong 2011-05-12 One of the world's foremost commentators on religious affairs on the history (and destiny) of the world's most misunderstood religion. In the public mind, Islam is a religion of extremes: it is the world's fastest growing faith; more than three-quarters of the world's refugees are Islamic; it has produced government by authoritarian monarchies in Saudi Arabia and ultra-republicans in Iran. Whether we are reading about civil war in Algeria or Afghanistan, the struggle for the soul of Turkey, or political turmoil in Pakistan or Malaysia, the Islamic context permeates all these situations. Karen Armstrong's elegant and concise book traces how Islam grew from the other religions of the book, Judaism and Christianity; introduces us to the character of Muhammed; and demonstrates that for much of its history, the religion has been a force for enlightenment that promoted liberties for women and allowed the arts and sciences to flourish. ISLAM shows how this progressive legacy is today often set aside as the faith struggles to come to terms with the economic and political weakness of most of its believers and with the forces of modernity itself.

Islam Maulana Wahiduddin Khan 2021-09-25 Before reaching its present-day zenith, the modern, scientific age had to pass through three stages. The first was marked by the eradication of the superstitious mentality, the second saw the practical beginnings of scientific research, and the third is the spectacular culmination of the scientific process in the second half of the twentieth century. The book examines the contribution of Islam, throughout its first millennium, for completion of the first two stages.

Sirat Un Nabi the Life of the Prophet Shibli Nu'mānī 2003

Lost Islamic History Firas Alkhateeb 2017 Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history

of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

Red Birds Mohammed Hanif 2019-09-05 A GUARDIAN BOOK OF THE YEAR 'A thrilling, razor-sharp critique of US foreign policy Red Birds is an incisive, unsparing critique of war and of America's role in the destruction of the Middle East. It combines modern and ancient farcical traditions in thrilling way' Guardian American pilot Major Ellie has crashed his plane in the middle of a desert. Lucky for him there's room for him at the very refugee camp he was supposed to bomb. Teenage Momo doesn't see it that way- the camp is a trap, not a refuge. His brother's missing, his parents are in a rage, and an aid worker won't stop trying to interview him for her book on the Teenage Muslim Mind. Savage, irreverent and deliciously dark, Red Birds is a masterful unravelling of intertwined fates in a forgotten war-scape and a brilliant satire about the absurdity of war and the impossibility of peace.

The Ninety-nine Beautiful Names of God Abu Hamid Muhammad Al-Ghazali 1992 In this work, here presented in a complete English edition for the first time, the problem of knowing God is confronted in an original and stimulating way. Taking up the Prophet's teaching that 'Ninety-nine Beautiful Names' are truly predicated of God, Ghazali explores the meaning and resonance of each of these divine names, and reveals the functions they perform both in the cosmos and in the soul of the spiritual adept. Although some of the book is rigorously analytical, the author never fails to attract the reader with his profound mystical and ethical insights, which, conveyed in his sincere and straightforward idiom, have made of this book one of the perennial classics of Muslim thought, popular among Muslims to this day. This volume won a British Book Design and Production Award in 1993.

Stories of the Prophets Ismā'īl ibn 'Umar Ibn Kathīr 2003

AZADI Arundhati Roy 2020-09-03 The perfect gift for the activists, rebels and freedom fighters in your life... FROM THE BEST-SELLING AUTHOR OF MY SEDITIOUS HEART AND THE MINISTRY OF UTMOST HAPPINESS, A NEW AND PRESSING DISPATCH FROM THE HEART OF THE CROWD AND THE SOLITUDE OF A WRITER'S DESK The chant of 'Azadi!' - Urdu for 'Freedom!' - is the slogan of the freedom struggle in Kashmir against what Kashmiris see as the Indian Occupation. Ironically, it also became the chant of millions on the streets of India against the project of Hindu Nationalism. Even as Arundhati Roy began to ask what lay between these two calls for Freedom - a chasm or a bridge? - the streets fell silent. Not only in India, but all over the world. The Coronavirus brought with it another, more terrible understanding of Azadi, making a nonsense of international borders, incarcerating whole populations, and bringing the modern world to a halt like nothing else ever could. In this series of electrifying essays, Arundhati Roy challenges us to reflect on the meaning of freedom in a world of growing authoritarianism. The essays include meditations on language, public as well as private, and on the role of fiction and alternative imaginations in these disturbing times. The pandemic, she says, is a portal between one world and another. For all the illness and devastation it has left in its wake, it is an invitation to the human race, an opportunity, to imagine another world.

Aisha Resit Haylamaz 2013-03-01 This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings

of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics. Imam Abu Hanifah Shibli Nomani 2019-05-24 Imam Abu Hanifah- commonly referred to as the Great Imam (al-Imam al-A'zam)-occupies a commanding position in the history of Muslim Jurisprudence. Those who follow the school of Islamic Law associated with his name outnumber adherents of other schools. Iqbal in his "Reconstruction of Religious Thought in Islam" paid a high tribute to Imam Abu Hanifah's "keeninsight into the universal character of Islam" and, while dealing

with the question of application of Islamic Law to modern conditions, expressed the view that "the school of Abu Hanifah ... possesses much greater power of creative adaptation than any other school of Mohammadan Law". This valuable book on Imam Abu Hanifah was originally written in Urdu under the title Sirat-i Nu'man by the celebrated historian and Islamic scholar Shibli Nomani, giving us his biography and an analysis of the salient characteristics of the Hanafi school of Law.
